

Amsterdam,  
13 August 2010

Dear Mr Zorz,

I am writing to invite you to take part in a workshop on IPv6 that the Number Resource Organization is organising at the upcoming Internet Governance Forum (IGF) in Vilnius, Lithuania.

The workshop, entitled "IPv6 Around The World", aims to showcase examples of successful IPv6 deployments and discuss strategies for information sharing and development of best practices. The workshop will take place at 11:30am on Tuesday, 14 September 2010, the first day of the IGF event.

As a visible and respected representative of go6.si (and the Slovenian Internet community more generally), we believe that your input regarding the success of IPv6 deployment in Slovenia would be a valuable addition to the workshop.

For any further information regarding the workshop, please contact me at [rendek@ripe.net](mailto:rendek@ripe.net).

We hope to see you in Vilnius.

Best Regards,

**Paul Rendek**

Head of External Relations and Communications, RIPE NCC
